CITY OF WINNIPEG CONSTRUCTION NOTICE

RE: 2021 Portage Avenue Pavement Renewals:
Westbound- St. James Street to Moorgate Avenue
Eastbound- Woodlawn Street to Century Street Overpass
NOTICE OF CONSTRUCTION – Second Notice

Please be advised that Westbound Portage Avenue from St. James Street to Moorgate Street is scheduled to begin construction the week of May 10th, 2021. Lane closures will begin on May 6th, 2021.

Construction start: Week of May 10th 2021 (westbound direction)
Duration: 12 weeks

As part of this project, we will mill the existing asphalt pavement and place a new asphalt overlay. We will also repair curbs and sidewalks as required. The work is expected to take approximately 12 weeks and will be completed in late July 2021.

We will be working on the street one direction at a time (westbound Portage Avenue will occur first, eastbound Portage Avenue will follow) and Portage Avenue will be reduced to two lanes on the side where construction is taking place. Note that the westbound direction is lengthier and therefore may take a little over half of the anticipated construction duration.

On-street parking on Portage Avenue will be prohibited in the respective direction under construction. However, access to businesses will be accommodated, and both pedestrian access and Transit service will be maintained. We recognize this project will cause some inconvenience and apologize for the disruption.

Please contact us at 204-977-8370 with any special considerations or accommodations needed for large truck access, hours of operation, or accessibility needs.

We appreciate your patience during construction and look forward to the rehabilitated roadway in 2021.

Sincerely,
Morrison Hershfield Limited
